Hi, everybody. My wife and I have been married 19 years and our anniversary is coming up. We're planning a trip to destinations we've always wanted to visit but never have. It got me thinking: what are some of the places you've never been to but always wanted to?

I have always wanted to visit India. It has always been on my wish list of travel destinations, but I have never been there.

I'm a big fan of travelling. I have backpacked through Europe and South America. In my journeys, I have met a lot of other travelers. Many of them have been to India; they seem to either love it or hate it. For a long time I felt I wasn't ready to visit India. It sounded too scary. But now, well... I have just bought my plane ticket to New Delhi. I'm so excited. I have waited so long!
